

EDWIN GICHUHI
+254708456186|edwingichuhis@gmail.com

PERSONAL STATEMENT

Edwin is interested in working with SMEs to help grow the business by leveraging his business and technical skills. He has a background in Computer Science and comprehensive training in business development and digital marketing that makes him better understand people's perspectives for establishing clients needs in diverse fields and industries. He has experience in leading teams, operations and establishing partnerships, which was demonstrated while working as a chair of Red Cross Club, where he managed a team of 100 people and during work internships with different companies. He is seeking a business development position with a growing organization where he can contribute to its growth, by building new relationships with potential clients.
